Preparing for disaster

Why use this Bible study?
This Bible study can help us explore whether we can prepare for disasters and learn from them for the future.

Warning of a disaster
Read: Genesis 41:25–39. God warned the Egyptian king through a dream that drought and famine were coming to his land. Joseph was called from his prison cell to interpret the dream (about cows and heads of corn!) and suggested some actions to cope with the disaster. The king appointed Joseph to carry out these actions. Joseph set up administrators and buildings to store grain during the seven good years. Farmers had to hand over one-fifth (20 per cent) of each year’s harvest to the Government so that it could be stored and then used during the seven years of famine (Genesis 41:33-36).

Questions for discussion
- How did the dream change the way the people of Egypt responded to their situation?
- Joseph was given the role of coordinating Egypt’s response. What qualities did he have that made him suitable for this job?
- What specific measures did Joseph put in place to help the nation (and its neighbours) survive the drought?
- Can you identify any natural leaders in your church and community who could help in an emergency situation and who would be trusted?
